Crafted with Paper,
Made with Heart

Introduction

TIAREZ CO., LTD is proud to showcase the pinnacle of traditional Vietnamese patience and artistry through our exclusive paper quilling collection. Since 2006, our dedicated workshop has blended meticulous local craftsmanship with contemporary artistic creativity.

Every single card is an individual masterpiece, coiled and shaped entirely by hand. This collection is brought to life by a talented collective of skilled women artisans, ensuring breathtaking precision while securing sustainable, dignified employment in our communities. By choosing these eco-friendly creations, you help preserve a historic art form and share a piece of genuine Vietnamese soul with the world.

Our Vision

To establish Vietnamese handmade art as a global standard for meaningful, innovative design.

Our Mission

To deliver world-class, sustainably sourced quilling art that honors traditional techniques and exceptional detail.

FSC® CERTIFIED	SMETA AUDITED	GLOBAL EXPERIENCE	VERSATILE USE
Paper sourced from responsible forests	Ethical production & fair labor practices	Trusted by customers worldwide	Holiday décor, gifts, keepsakes & more

OUR STORY

More Than Paper. More Than Craft.

In many rural communities across Vietnam,
women anchor their households, carrying the heavy responsibility of family care while navigating limited access to stable, meaningful work. We felt a profound connection to these women,
to their quiet strength, unyielding resilience,
and their shared hope for a more secure future.
We believed true empowerment goes beyond temporary aid; it must cultivate lifelong skills, financial independence, and self-confidence. This core philosophy led TIAREZ CO., LTD
to the historic art of paper quilling.
By teaching talented local women how simple strips of paper can be meticulously rolled, shaped, and assembled, we unlocked a new canvas for their potential. What appears to the eye as a delicate art piece is actually a testament to immense patience, sharp precision, and countless hours of dedicated practice.
Today, TIAREZ is proud to bring this journey to the global stage. Through our collections, a simple strip of paper ceases to be an everyday object—it becomes a sustainable trade skill, an honoring of heritage, and a pathway to a better tomorrow.

A strip of paper can become a skill, a craft, an opportunity, and a better future.

CRAFTING A BETTER FUTURE

Behind every flower, butterfly, landscape, and intricate detail is an artisan turning imagination into craftsmanship.

Through their hands, paper becomes art - and craftsmanship becomes an opportunity to earn with dignity, build confidence, and create a more secure future for their families.

At the same time, these women help preserve the human touch of Vietnamese craftsmanship. In a world of mass production, every piece is still carefully handmade with patience, individuality, and heart.

This is why our work means more to us than making beautiful products. We believe craftsmanship can connect cultures, create meaningful livelihoods, and carry human stories across the world.

Global Standards & International Reach

Quality, craftsmanship & responsible production

Artisan Network

A network of 200+ skilled artisans enables flexible production capacity and consistent craftsmanship.

Quality Control

Dedicated qualitycontrol processes ensure consistency, reliability, and product excellence across every order.

Extensive export experience

Over10 years of exportexperience serving customers across Europe and North America, with proven capability in large-volume production and international standards.

Global Certifications

FSCandSMETAcertified, ensuring responsible sourcing and ethical production.

SMETA®

Crafted with Purpose

Madewith ItalianFSC-certified paper, using recycled or responsibly sourced forest materials, and produced in studios that uphold responsible working conditions.

Supporting Education through Book Donations

We actively support the charity initiative “Đang Thuy Tram Bookcase” by donating books to primary schools throughout Vietnam.

Through this program, we aim to provide children with better access to knowledge, encourage reading habits, and inspire learning among students in local communities.
